Guide to Bay Area Archery

Brought to you by San Francisco Archers

There are several different types of resources available:

- **Archery Shop** -- Sells archery equipment. (Sometimes has an indoor range.)
- **Archery Club** -- A sports organization run by its members on a volunteer basis. Typically, an Archery Club maintain an outdoor archery range. (Does NOT sell or rent equipment)
- **Indoor Range** -- An indoor archery range up to 20 yards / 18 meters
- **Outdoor Range** -- An outdoor archery range that might have target areas, fields courses, and a clubhouse. Typically, an Outdoor Range is on county property (such as a part or recreation area) and the corresponding Archery Club maintains it.
